

Activity #7

Mr. Brannman has always set up the band and orchestra but while you're at home, YOU'RE the director! Use this website (<https://www.bgreco.net/band/>) to create your very own seating chart for orchestra or band! To do this, simply....

- 1) enter the number of rows and seats you want
- 2) try to put instruments into logical sections (this is challenging!)
- 3) click on "Edit Labels" to put instrument names on chairs
- 4) Play with "Edit chair colors" as you like.
- 5) If you goof up, no biggie - Just remove all the chairs and try again!

Here are the ACTUAL SMP numbers you must work with:

Band = 11 flutes, 13 clarinets, 8 trumpets, 3 saxes, 5 trombones, 6 percussion

Orchestra = 22 violins, 1 viola, 11 cellos

Once you're happy with your chart, give it a title, click on "copy a link to this chart" at the bottom of the page and send the link to Mr. Brannman at ward@seattlemusicpartners.org for feedback. Maybe you can learn to conduct the group, too!
