This area for staff use

After form is filled out & signed

Seattle Music Partners has a limited supply of instruments to lend to students in our after-school music program. It is our policy to lend instruments for the current school year only so the instrument can be used by another student the following year. Please read with your child the conditions stated below. Afterward, the student and parent/guardian must sign this form and return it to SMP. The instrument listed above will be loaned out based on the following conditions (Parent/Guardian – please initial each condition):

_____ We understand that we are responsible for the safekeeping and care of the instrument (and accessories).

_____ We understand that if the instrument is lost, we will replace the instrument to maintain SMP’s inventory for future students and families

_____ We understand that any damage to the instrument through neglect, careless behavior, lack of regard, or misuse will be cause for a repair charge between **\$150-\$400** and that any repair estimate beyond that amount will be grounds for replacement of the instrument by the student and family listed above.

_____ We understand that multiple repairs due to misuse and/or neglect will be cause for SMP to retrieve the instrument, impose a repair fee up to \$400 and disallow future instrument loans.

_____ We understand that if this student leaves SMP’s program for any reason, it is our family’s responsibility to return the instrument within one week of program departure.

_____ We understand that failure to comply with the above agreements will result in the termination of the instrument loan.
